

The London and District Men's Dart League

VENUE INSPECTION REPORT

ALL VENUES MUST:

- be licensed by the LCBO at the time of registration and maintain their license during the entire dart season.
- be approved by the Executive Board and will be subject to inspection to ensure that all required standards are met.
- provide standard dart board(s) made of bristle, numbering one (1) to twenty (20) with a centred twenty-five (25) and fifty (50) bull and have both triple & double rings.

REQUIRED VENUE STANDARDS

- 1) At least two (2) league approved boards must be properly installed on a flat wall. The centre of the bull will be 68 inches (5ft 6in) from the floor and toe/oche line will be 93.25 inches (7ft 9.25in) from the face of the board. A line descending from the centre of the bull angled to the floor ending at the toe line will measure 115 3/8 inches (9ft 7 3/8in). (see diagram)
- 2) The venue will affix to the floor a toe/oche line or use a distinctly marked mat. Use of erasable toe line indicators will be disallowed, (i.e. chalk lines, pencil lines or other marked lines) that are not considered permanent. There is no limit to length of the toe line but, shall be a minimum of fifteen (15) inches in length. A player may move as far along the line as he can, providing he does not interfere with a player on another board. The venue may provide a runner of various materials from the dart board to the toe line or beyond. The runner must be secured at both ends and the toe line clearly marked or attached to the runner if it extends beyond the toe line.
- 3) The club will provide a surface of not less than 18 x 24 inches for the purpose of keeping score. These surfaces will be firmly attached to the wall adjacent to each dart board. All dart boards must be installed with no less 48 inches between the bulls. There will be an interference space of not less than two (2) inches between the darts boards and scoring area.
- 4) Proper illumination of the dart board must be installed in a manner so as not to interfere with the trajectory of the thrown dart and to not affect the vision of the player. One 75-150 watt spot or floodlight is the minimal recommendation for each dart board.
- 5) The venue must provide at all times a clean and clear area for League members to play. The League defines this area as 4 x 10 ft for each dart board.
- 6) The venue must provide adequate seating arrangements that do not interfere with the play area. Any televisions, display monitors or other visual media must not be in operation in the designated area of play while League play is in effect. Any of the aforementioned devices will be turned off at the request of either team captain.
- 7) Entertainment provided by the venue must be conducted so as not to interfere with the game of darts. In the event that a team complains about the volume, lighting or actions that interfere with the playing of the dart game, adjustments by the venue must be made. If not complied with, either team may file a protest with the Executive.

The London and District Men's Dart League

VENUE INSPECTION REPORT

8) The League has the right to refuse or suspend any venue that it feels is not following the rules and/or requirements and will inform the membership of any venue suspensions. Should the Executive Board find it necessary to refuse play out of any venue. the team(s) have the following options:

- A) Find another League certified playing venue
- B) Ask the Executive Board for a list of certified venues
- C) Drop out of the League until the venue has been certified

9) The Executive Board will from time to time, as it seems fit, complete an inspection for the purpose of addressing any and all deviance noted.

10) Any scheduling conflicts or Thursday nights that the venue may not be available must be brought to the attention of the Executive Board and Team Captains at least two (2) weeks prior to the night in question to allow for arrangements to be made for team(s) can be relocated for that night(s).
